

AWARD CONTRACT FOR COURTHOUSE EXCAVATION TO START NEXT WEEK

Popular Remodeling Hammett Building for Annex in Order to Build \$150,000 Building; the New Savoy Hotel Opens Saturday; Many New Homes Being Erected in Suburbs; Building Continues Brisk as Ever.

EXCAVATION for El Paso county's \$700,000 courthouse building will begin next week; the Popular Hammett store is remodeling the second floor of the Hammett building to be used as an annex to permit the construction of a \$150,000 building; construction work to complete the new \$500,000 high school building is now under way and a new 100 room hotel has opened for business.

These are a few of the really developments during the past week in El Paso to indicate the advancement of this city in building and development work.

Additional Contracts Awarded. The county commissioners let the contract for the new county courthouse building Friday to J. E. Morgan, an El Paso man, and it calls for \$150,000. The contract does not include the construction of the proposed auditorium, and does not provide for wiring, heating and ventilating, or the equipment of the hall on the top floor. Friday afternoon the contract for wiring was let to the National Telephone and Supply company for \$15,000. The building with all equipment and furnishings will run close to \$700,000.

Hammett Building Remodeling Record. The new court house will be the largest building, with the exception of the new high school, to be undertaken in El Paso during the present year.

The courthouse and the high school together bring the total of building permits to over \$2,000,000 for 1915, and it is probable that the total for the 12 months to nearly \$4,000,000, by far the greatest year in building the city has ever known.

Many Homes Being Built. R. B. May is building a five room bungalow at the corner of Wheeler and Piedras streets, in Manhattan Heights, to cost \$2000.

Walter Spiller has started the construction of a four apartment building for Sam Stark at the southeast corner of Virginia and Arizona streets, to cost about \$4000.

George W. Sharp has taken out a building permit for the construction of a brick bungalow at Nevada and Hudson streets, to cost \$1250. J. E. Neff is just starting the construction of a 1500 brick bungalow on the north side of Alamo street, between Piedras and Raynor streets. The Miller Construction company is building a 1500 brick bungalow at the southwest corner of Madera and Raynor streets.

H. L. Jousford is starting work on a brick bungalow at the northwest corner of La Luz and Grama streets, to cost \$2000.

El Paso's Newest Hotel. The Savoy hotel is El Paso's newest addition to the list of modern, first class hotel buildings. The Savoy is

located on the second and third floors of the Zeiman building, at the intersection of Overland and Stanton streets, and is owned by D. C. Seaman, formerly proprietor of the Hotel Grand. The Savoy has 100 rooms, all outside shower and tub baths. The new hotel has a telephone exchange which connects with each of the 100 rooms and with the city central and long distance. The office is located on the second floor of the Zeiman building and is finished in oak with weathered oak furniture. Adjoining the main office is a parlor for the women guests of the hotel. It is a sunny room with easy chairs, a divan and retiring room. To furnish the Savoy required a car of beds, a car of mattresses, a car of springs, one of writing desks and several cars of other furniture. Each room is equipped with a seven foot bed, this being one of the modern features of the hotel. An amatted cabinet over the wash basin is another feature. The rooms are arranged singly or in suites, and "bachelors' row" is one section of the hotel which has been arranged for men who live the greater part of the time in hotels. The furnishings alone of the Savoy cost \$25,000 and it is as complete as any hotel in the southwest. The Savoy opened for business Saturday.

LONGWELL'S BIG GARAGE TO OPEN
El Paso's Most Modern and Convenient Garage to Open Monday, November 15th.
It will be welcome news to automobile owners to know that after Monday they will be free from bother from police, thieves and the weather. Longwell has completely remodelled the building at 116 San Francisco St. and now a storage capacity of 200 cars is offered the public. The nominal charge of \$3.00 per month is charged for service. Now, Automobile Owners need not be bothered by the Police. The weather depreciation on your car is saved by the Longwell price for Storage. Thieves are a thing of the past to the Auto Owner who takes advantage of the Longwell Service. The new Garage offers only one service. That is Storage. This New Auto Storage Service is another "Safety" offered in connection with the Longwell Service, which embraces Storage and the Best Auto and Limousine service in El Paso.—Adv.

POST'S FORTUNE, BUILT UP FROM \$750, GOES TO DAUGHTER
Detroit, Mich., Nov. 13.—The \$23,000, 000 estate of C. W. Post, the food manufacturer who committed suicide more than a year ago, will go to his daughter by his first wife. The daughter is Mrs. Edward Closs, of Greenwich, Conn. Post had left his entire fortune to his second wife.
It has developed that Post's great business was built up from a fund of \$750 saved by the first Mrs. Post and placed to the credit of their daughter, Marjorie. Thus, it is stated, the daughter is entitled to the entire fortune save for a small share which was given the present Mrs. Post during Post's lifetime.

DR. DERNBURG APPROVES U. S. NOTE TO BRITAIN
Berlin, Germany, Nov. 13.—Dr. Dernburg, former colonial minister, discussing in the Tagblatt the American note to Great Britain concerning interference with neutral commerce, approves the note. He says it paves the way for securing freedom of the seas.

Advertising to the question raised by the German press as to whether the United States intends to see that its demands are satisfied, Dr. Dernburg says the diplomatic authority of the United States gives assurance that it will do so under all circumstances.

AUTO STRIKES STRANDS OF WIRE

Stretched Across County Road to Wreck Cars; Tracks Lead to Mexico.

Two strands of barbed wire were stretched across the county road, eight miles from the city, Thursday night, and the members of an automobile party returning from a dance at the West Yulea Country club had a narrow escape from death when the auto collided with the wire.

One of the wires was stretched low and the other a foot above it. When the car struck the wires they were broken after one of the wires had broken off the radiator cap on the front of the auto, had broken the lamps and bent the mud guards. The car was turned into the ditch but one of the occupants were injured.

Would Have Been Killed. J. C. Gillespie was driving the car and it was occupied by Misses Helen Stimmel, Vera Driskell, William White, Henry Robertson and Lieut. Clifford J. Matheis. Had the strand of wire not broken it would have killed or seriously injured the passengers, the officers declare, as it had been twisted taut with a stick and with the car going fast, would have struck the occupants of the car if it had been stretched a few inches higher. The party continued to the city after removing the auto from the ditch.

Tracked to Mexico. Officers from the sheriff's department have discovered tracks beside the road which lead to the river bank and it is believed that the wires were stretched by Mexicans. There were also marks to show where the men had been watching for the car to strike the wire and it is believed that they intended to rob the auto party after they had been wrecked and were unconscious.

Give your Child
Dr. King's New Discovery
for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.
You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germ—cures the phlegm—loosens the cough and soothes the irritation.
"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them free from cold. I can't say too much for it, and take pleasure in recommending it to my friends." Mrs. A. S. Haines, Frankfort, N.H.
Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.
